

LA VITA NUOVA VITA NOVA THE NEW LIFE HARDCOVER

He was still her boy. As always, her boy. Bartholomew. Barty. Her sweetie. Her kiddo. "Take care he doesn't turn your belt on you with a spell!" said his uncle. Among Junior's many gifts, his ability to focus might have been the most important. Bob Chicane, his former instructor in matters meditative, had called him intense and even obsessive, following the painful incident involving meditation without seed, but intensity and obsession were false charges. Junior was simply focused. To believe that any man with such a hard gut slung over his belt, with a bull neck. Eventually, Junior remembered the quarter. He reached into the right pocket of the thin cotton bathrobe, but the coin wasn't there, as it should have been. The left pocket also was empty. Agnes wasn't able to interpret his expression, not because he was in the least difficult to read, but because her perceptions were skewed by sudden fear and a flood of adrenaline. Her heart seemed to spin like a flywheel in her breast. For eight nights thereafter, Agnes padded the floor with folded blankets on both sides of the boy's bed, insurance against a middle-of-the-night fall. On the eighth morning, she discovered that Barty had returned the blankets to the closet from which she'd gotten them. They were not jammed haphazardly on the shelves—the sure evidence of a child's work—but were folded and stacked as neatly as Agnes herself would have stored them. "I'm sure you would be, yes, but I'm afraid I don't have the patience to teach, I'm a performer, not an instructor. I suppose I could give you the name of a good teacher." The front door was unlocked. This was no longer one house; it had been converted to an apartment building. This time he didn't flip the quarter straight into the air. He tipped his hand, and with his thumb, he shot the coin toward Agnes. Efficiency of a nurse, but as a courtesan might perform the task: smiling enticingly, a flirtatious glimmer in. Junior was at critical depth. The psychological pressure was at least five thousand pounds per square inch and growing by the second. Implosion imminent. Ready to hear me. However long you need. But something ... something extraordinary happened here before you arrived." The candlestick was dry. Holding this pewter bludgeon with a paper towel, Junior replaced it on the table as he had found it. He picked up the candle from the floor and married it to the stick. "I'm gonna dream about baby chickens," she told Celestina, "and if I'm all yellow, they'll think I'm one of them." Ever the romantic, he wanted to surprise her. Voila! Flowers, wine, and moi. Since their electrifying connection in the hospital, she had been yearning for him; but she wouldn't expect a visit for a few weeks yet. He was eager to see her face brighten with delight. If Junior was patient, he could slip in there, find Bartholomew, kill the boy in bed, whack Ichabod second, and still have a chance to make love to Celestina. To the windows, then, drawing all the blinds securely down. And still, irrationally, she felt watched. "Well, as years pass, they're going to be a financial burden, if nothing else, so I'm glad I've got a little surprise for you." "There's nothing here for you," she said, stepping back from the door in order to close it. Celestina rose, heart suddenly clumping in her breast, like heavy footsteps hurrying away from an approaching bearer of bad news, but she herself couldn't run, could only stand rooted in her hope—and hear in her mind six versions of a bleak prognosis in the two seconds before the doctor actually spoke. "Quick, very quick," he warned, helping Grace through the fire framed window and onto the roof of the porch. He carried the mug to the sink, poured the brew down the drain and saw the cooler standing in the corner. He hadn't noticed it before. A medium-size, molded-plastic, Styrofoam-lined ice chest, of the type you filled with beer and took on picnics. Glasses off the table. He seized one of the pewter candlesticks, as well, knocking the candle out of it. Phimie must be honored now with laughter instead of with tears, because her life had left Celestina with so many memories of joy and with joy personified in Angel. To fend off tears, she said, "Listen, Clark Kent, we women need our little secrets, our private thoughts. If you can really read my heart this easily, I guess I'm going to have to start wearing lead brassieres." A moment ago, he'd slammed into Angel's room, and that was loud, but this boomed louder, thunderous enough to wake people throughout the building. And the irony of ironies: With her talent deepening to a degree that she had never dared hope it would, with collectors responding to her vision to an extent she had never imagined possible, with her goals already exceeded, and with great vistas of possibility opening before her, she would throw it all away with some regret but with no bitterness if required to choose between art and Angel, for the child had proved to be the greater blessing. Phimie was gone, but Phimie's spirit fed and watered her sister's life, bringing forth a great abundance. If that was the bright side, however, it was a piss-poor bright side (no pun intended), because he was still stuck in this men's room with a corpse, and he couldn't stay here for the rest of his life, surviving on tap water and paper-towel sandwiches but he couldn't leave the body to be found, either, because the police would be all over the gallery before the reception ended, before he had a chance to follow Celestina home. When he returned to the kitchen to add ice and sherry to his glass, he looked up White, Celestina in the San Francisco phone directory. Her number was listed; her address was not. To have the best chance of becoming a master mechanic, any young apprentice needs a mentor. The art of total card control cannot be learned entirely from books and experimentation. "Get this through your head, you shit-for-brains. I lost a daughter, a precious daughter, my Naomi, the light of my life." Copyright (c) 1997 by Ursula K. Le Guin. AS MEANINGFUL AS Jacob's death had been within the small world of his family, Agnes Lampion never lost sight of the fact that there were more resonant deaths in the larger world before 1968 ended and the Year of the Rooster followed. On the fourth of April, James Earl Ray gunned down Martin Luther King on a motel balcony in Memphis, but the assassin's hopes were foiled when, because of this murder, freedom grew more vigorously from the richness of a martyr's blood. On June 1, Helen Keller died peacefully at eighty-seven. Blind and deaf since early childhood, mute until her adolescence, Miss Keller led a life of astonishing accomplishment; she learned to speak, to ride horses, to waltz; she graduated cum laude from Radcliffe, an inspiration to millions and a testament to the potential in even the most blighted life. On June 5, Senator Robert F. Kennedy was assassinated in the

kitchen of the Ambassador Hotel in Los Angeles. Unknown numbers died when Soviet tanks invaded Czechoslovakia, and hundreds of thousands perished in the final days of the Cultural Revolution in China, many eaten in acts of cannibalism sanctioned by Chairman Mao as acceptable political action. John Steinbeck, novelist, and Tallulah Bankhead, actress, came to the end of their journeys in this world, if not yet in all others. But James Lovell, William Anders, and Frank Borman-the first men to orbit the moon-traveled 250,000 miles into space, and all returned alive..He had assumed that the dinner guest was Victoria's lover, but suddenly he realized that this might not be the case. The man might be nothing more than a friend. Her father or a brother. In which case the invitation to romance-posed by the coquettishly arranged wine and rose-would be so wildly inappropriate that the visitor would know at.Too much, far too much to contend with, and so unfair: finding the Bartholomew needle in the haystack, hives, seizures of vomiting and diarrhea, losing a toe, losing a beloved wife, wandering alone through a cold and hostile world without a heart mate, humiliated by transvestites, tormented by vengeful spirits, too intense to enjoy the benefits of meditation, Zedd dead, the prospect of prison always looming for one reason or another, unable to find peace in either needlework or sex..Alone, Junior sat in the breakfast nook with a pot of coffee and an entire Sara Lee chocolate fudge cake..Vanadium couldn't know the whereabouts of the quarter. Besides, even when he'd swung the lunch tray over Junior's lap, the detective hadn't been close enough to pick the pocket of the robe..By the first of November, they moved his mother's bed into the living room, so she could be in the center of things, where always she had been, though they admitted no guests now, only members of their family with its many names.. "Anyway, something clicked in me on the roller coaster, and I grasped a new angle of approach to the problem. I've figured out that I can walk in the idea of sight, sort of sharing the vision of another me, in another reality, without actually going there." He smiled into her astonishment. "So what do you say about that?".He hit Celestina with the big question, the huge question, just as she paused in her babbling to suck in a deep breath, the better to spout even more nonsense, whereupon this panicky inhalation caught in her breast, caught so stubbornly that she was certain she would need the attention of paramedics to start breathing again, but then Wally popped open the box, revealing a lovely engagement ring, the sight of which made the trapped breath explode from her, and then she was breathing fine, although snuffling and crying and just generally a mess. "I love you, Wally."..The bow business had started a few months ago. Angel said she wanted to look pretty in her sleep, in case she met a handsome prince in her dreams..In spite of the ravages of illness and age, beauty remained in the old woman's face. Her bone structure was superb. In youth, she must have been stunning..An elderly Negro gentleman answered the door. His hair was such a pure white that in contrast to his plum-dark skin, it appeared to glow like a nimbus around his head. With his equally radiant goatee, his kindly features, and his compelling black eyes, he seemed to have stepped out of a movie about a jazz musician who, having died, was on earth once more as someone's angelic guardian..She approached the kitchen table and swept her hand across it, to emphasize its emptiness..In spite of the gloom, the boy's miraculous accomplishment was evident: his clothes and hair were dry as though he'd worn a coat and hood..On a positive note, the apartment was heated by a gas furnace. A leak, a spark, an explosion, and he would never have to see poor Agnes in her misery..After a day of work, the pencil portrait of Nella Lombardi was finished. The second piece in the series-an extrapolation of her appearance at age sixty-was begun..During the ten days since Joey's passing, a great many people had conveyed their condolences to Agnes, but until this man, she'd known all of them..We cherish the old stories for their changelessness. Arthur dreams eternally in Avalon. Bilbo can go "there and back again," and "there" is always the beloved familiar Shire. Don Quixote sets out forever to kill a windmill... So people turn to the realms of fantasy for stability, ancient truths, immutable simplicities..Although he didn't believe in destiny, in fate, in anything more than himself and his own ability to shape his future, Junior couldn't deny how extraordinary it was that this woman should cross his path at this precise moment in his life, when he was frustrated to the point of cerebral hemorrhage by his inability to find Bartholomew, confused and nervous about the phantom singer and other apparently supernatural events in his life, and generally in a funk unlike any he had ever known before. Here was a link to Seraphim and, through Seraphim, to Bartholomew..The thorns had not been stripped from the long stem of the white rose. Vanadium clutched it so tightly that the sharp points punctured his meaty palm. He seemed to be unaware of his wounds..The upper end of the bed was elevated. Otherwise, Agnes would not have been able to see the room, for she was too weak to raise her head from the pillows.. "Well, it's true," he said, finally turning the key in the proper direction and firing up the engine..Seven or eight years after Tehanu was published, I was asked to write a story set in Earthsea. A mere glimpse at the place told me that things had been happening there while I wasn't looking. It was high time to go back and find out what was going on now.. "It was. But maybe that's not the whole story. Anyway, we know the usual poses these guys strike, the attitudes they think are deceptive and clever. Most of them are so obvious, they might as well just stick their willy in a light socket and save us a lot of trouble. This, however, is a new approach. Tends to make you want to believe in the poor guy."..As Sklent so insightfully put it: Some of us live on after death, survive in spirit, because we are just too stubborn, selfish, greedy, grubbing, vicious, psychotic, and evil to accept our demise. None of those qualities described sweet Naomi, who had been far too kind and loving and meek to live on in spirit, after her lovely flesh failed. Now at one with the earth, Naomi was no threat to Junior, and the state had paid for its negligence in her death, and the whole matter should have been brought to closure. There were only two barriers to full and final resolution: first, the stubborn, selfish, greedy, grubbing, vicious, psychotic, evil spirit of Thomas Vanadium; and second, Seraphim's bastard baby--little Bartholomew..folded over his too-tight shirt collar, and with a second chin more prominent than.The pair of sliding doors at the living-room archway stood half open. Beyond, voices drew Paul against his will..On this chilly January night, no campers or fishermen had staked claims along the lake. Because the trees were far enough back to be lost in the night, the immediate shore and the pooled

blackness that it encircled appeared as desolate as any landscape on a world without an atmosphere..And now she didn't need him anymore. He gazed at her face, held her cooling hand; his anchor was slipping away from him, leaving him adrift..On Thursday, January 4, he used his John Pinchbeck identity to purchase a new Ford van with a cashier's check. He leased a private garage space in the Pinchbeck name, near the Presidio, and stored the van there..Junior worried, however, that they had noticed him after he pulled to the curb twice behind them, that they were keeping an eye on him, ready to bolt if he got out of the car, in which case they might all make it inside before he could cut them down..'Miss White," he continued, still facing the window, "not long before you arrived in surgery this morning, your sister died on the table. We hadn't delivered the baby yet, and perhaps couldn't have done so, by cesarean, in time to prevent brain damage, so for both the sake of the mother and child, heroic efforts were made to bring Phimie back and ensure continued circulation to the fetus until we could extract it..".I'm captivated more by painting than I am by most dimensional work," Junior explained. "Really, the only sculpture I've acquired is Poriferan's..".Although the Rolex was expensive, Junior cared nothing about the monetary loss. He could afford to buy an armful of Rolexes, and wear them from wrist to shoulder..Minutes later, once more in a corridor conference with Dr. Daines, she was forced to temper her new optimism..He felt remarkably well when he arrived home: calm, proud of his quick thinking and stalwart action, pleasantly tired. He hadn't chosen to kill again; this obligation had been thrust on him by fate. Yet he had proven that the boldness he'd shown on the fire tower, rather than being a transient strength, was a deeply rooted quality..Angel, busy with a cookie through most of this, licked crumbs from her lips and asked Paul, "Do you have a puppy?".Dr. Chan's manner remained professional, providing the strength that Agnes required, but his pain was evident when his gentle voice softened further: "These tumors are so advanced, we won't know until surgery if the malignancy has spread. We may already be too late. And if we aren't too late, we'll have only a small window of opportunity. A small window. Eight days would entail too much risk..".The purpose of life was self--fulfillment, per Zedd, and Junior was so rapidly realizing his extraordinary potential that surely he would have pleased his guru..face with one hand, as if pulling off cobwebs. "Did you say you were in my house?".For a long time, she stood beside the bed, holding his hand, confident that on some level he was aware of her presence, though he gave no indication whatsoever that he knew she was there..Agnes's sharp intake of breath caused Edom to look up from his nephew's name. Pale, she was, her eyes as haunted as old mansions..I have trusted in thy mercy, she thought desperately, reaching for comfort to Psalms 13:5..He'd acted boldly, recklessly, without scoping the territory to be sure Prosser was alone. The accountant lived by himself, but a visitor might be present..One hand on the railing, he ascended the first three steps slowly. Pausing on each, he slid his foot forward and back on the carpet, runner to judge the depth of the tread relative to his small foot. He ran the toe of his right shoe up and down the riser between each tread, gauging the height..Seraphim's child had been alive is long as Naomi had been dead, almost fifteen months. In fifteen months, Junior should have located the little bastard and eliminated him..He couldn't see into the next aisle through the gaps between rows of books, because the shelves had solid backs..Unquestionably, if he hadn't killed Vanadium, the maniac cop would have blown him away. That was clearly an act of self-defense..Of the things you couldn't have seen coming, I'm the worst ... I'm the worst ... I'm the worst....."I suspect," Tom said, "that any job you set your mind to, you'd be as good as you are at teeth..".Paul couldn't remember when he began to love her. Not at first sight. But before she contracted polio. Love came gradually, and by the time it flowered, its roots were deep..In a sudden desperate burst of action, Junior tore at the dead man's closed hand, sprang open the trap of fingers and palm-and did not find a quarter. Nor two dimes and a nickel. Nor five nickels. Nothing. Zip. Zero..Licky did not take him into the roaster tower, but back to the barracks. From a locked room he brought out a small, soft, thick, leather bag that weighed heavy in his hands. He opened it to show Otter the little pool of dusty brilliance lying in it. When he closed the bag the metal moved in it, bulging, pressing, like an animal trying to get free..".Sometimes she wrote little paragraphs to God, very touching and humble notes of gratitude, thanking Him for bringing you into her life..".In southern California, Agnes Lampion dreams of her newborn son. In Oregon, Junior Cain fearfully speaks a name in his sleep, and Detective Vanadium, waiting to tell the suspect about his dead wife's diary, leans forward in his chair to listen, while ceaselessly-turning a quarter across the thick knuckles of his right hand..".Oh, it certainly is! It certainly is enough! But ... I don't regret much, you know. But I do regret not being here to see why you and Angel have been brought together. I know it'll be something lovely, Barty. Something so fine..".On the High Marsh.."-and the under girding of the observation platform itself is unstable. The whole thing could have fallen down with us on it!".Rescuers encouraged her to move safely away from the passenger's door, as far as possible, to avoid being inadvertently injured as they tried to break in to her. She could go nowhere but to her dead husband..Junior found no answers before the owner of the diner blocked him from proceeding out of the kitchen into the storeroom and the service alley beyond. Simultaneously sweating and chilled, Junior cursed him, and the confrontation became ugly..Angel didn't want to go, maybe because the boogeyman schemed beneath the bed in some of her nightmares..The weather was good, so he went for a walk, though he crossed the street repeatedly to avoid passing newspaper-vending machines..".When we pull away, people are waving across the street at the UPS truck, and the driver, he sees them, and he stands there, kind of confused, and then he waves back..".hands as she had seen surgeons do in movies, and she could almost believe that she was still at home, in bed, in the fevered throes of a terrible dream..Needles of rain knitted the air and quickly embroidered silvery patterns on the blacktop..In his blindness, Barty listened to her reports and, through her, saw more than he could have seen if never he had lost his eyes..The boy-wonder physician turned to Junior again and assumed an expression of compassion so inauthentic that if he'd been playing a doctor on even the cheesiest daytime soap opera, he'd have been stripped of his actor's-union card, fired, and possibly horsewhipped on a live television special. "We'll be doing the procedure this afternoon, so I wouldn't want to give you

anything much for the pain just prior to anesthesia and sedation. But don't you worry, Mr. Pinchbeck. Once we've lanced these boils, when you wake up, ninety percent of the pain will be gone." Artificial eyes were on order. He would soon return to Newport Beach for a third fitting before implant. They weren't glass, as commonly believed, but thin plastic shells that fit neatly behind the eyelids in the cavities left after surgery. On the inner surface of the transparent artificial cornea, the artificial iris would be skillfully hand-painted, and movement of the ocular prosthesis could be achieved by attaching the eye-moving muscles to the conjunctiva. "Be quiet, sugarpie," she said, crossing the bedroom to the door, which stood only slightly ajar. "I'm going to tell you something about your father that might comfort you," he said, "but you can't ask me for more than I'm ready to say right now. It's all a part of what I'll discuss with you in Bright Beach." Ordinarily, she would have returned to the first of the candles and offered a second fragment to Saint Peter. In this case, however, she entrusted it to the least known of the apostles, because she was sure that he must have special significance in this matter. To the open casement window, into the men's room. Still seething with rage. Angrily cranking shut the twin panes while lazy tongues of fog licked through the narrowing gap.
