Licky shut him as usual into the brick-walled room, giving him a loaf of bread, an onion, a jug of water. "Aha. It's nothing," I repeated. I couldn't sit any longer. I got up. An adult who doesn't know it by heart, so as to be able to speak or sing it with others and teach it to children, is considered grossly ignorant. It is taught in winter and spring, and spoken and sung entire every year at the Long Dance, the celebration of the solstice of summer. To love power and to share it is the royal way. Look. Watch what I do." Gelluk held up the pouch. So well in hand did Early have Losen's men that within two days the great fleet set forth from Havnor, gathering its tributaries on the way. Eighty ships sailed past Ark and Ilien on a true and steady magewind that bore them straight for Roke. Sometimes Early in his white silk robe, holding a tall white staff, the horn of a sea beast from the farthest North, stood in the decked prow of the lead galley, whose hundred oars flashed beating like the wings of a gull. Sometimes he was himself the gull, or an eagle, or a dragon, who flew above and before the fleet, and when the men saw him flying thus they shouted, "The dragonlord! the dragonlord!" borrowing tools from a farmer and buying nails and plaster in Thwil Town, for she still had half. Nothing blurred his eyes or challenged his will as he flew over. "You're not," Irian said. To the sisters and all these villagers, Mount Onn was the world, and the shores of Havnor were the years: ten ivory counters carved with the Otter of Shelieth on one side and the Rune of Peace on. "Of course I know the words, but I'll have to learn what to do as I go. That's the trouble with the big spells, isn't it? You learn what you're doing while you do it. No chance to practice. "Your name is beautiful, Irioth," she said after a while. "I never knew my husband's true name. Nor he mine. I won't speak yours again. But I like to know it, since you know mine." "It'll stop by midday," the wizard told the chickens. He fed them and squelched back to the house. And it is no small honor to be invited by a wizard to be his student or apprentice. During and after the Dark Time, however, they were feminised and demonised in the Hardic lands by wizards, as they were in the Kargad Lands by the cults of the Priestkings and the Godkings. So by the eighth century, in the Inner Lands of the Archipelago, only village women kept up rituals and offerings at the old sites. They were despised or abused for doing so. Wizards kept clear of such places. On Roke, itself the center of the Old Powers in all Earthsea, the profoundest manifestations of those powers-Roke Knoll and the Immanent Grove-were never spoken of as such. Only the Patterners, who lived all their lives in the Grove, served to link human arts and acts to the older sacredness of the earth, reminding the wizards and mages that their power was not theirs, but lent to them..know later was a great spell of Transforming.
