It was a gentle complaint and, even more significant he had not objected to the use of his nickname. He was being gentle with the condemned. "We worked on it around the clock. I even managed to get permission to turn over command temporarily. But the mock-ups they made Earthside didn't survive the re-entry. It was the best we could do. I couldn't risk the entire mission on a configuration the people back on Earth wouldn't certify." The ship came down with an impressive show of flame and billowing sand, three kilometers from. writhing red shapes, but now you are learning, and you soar down past the crossroads, up the farther hill,. They ended up with a long cylindrical home, divided into two small sleeping rooms, a community room, and a laboratory-storehouse-workshop in the old fuel tank. "Ah," said Jack, "the second question is easy to answer, but the first is not so simple. I am a prisoner here because a skinny grey man stole a map from me and put me in the brig so I could not get it back from him. But why am I the Prince of the Far Rainbow? That is exactly the question asked me a year ago today by a wizard so great and so old and so terrible that you and I need never worry about him. I answered him, 'I am Prince because my father is King, and everyone knows I should be.' Then the wizard asked me, 'Why should you be Prince and not one of a dozen others? Are you fit to rule, can you judge fairly, can you resist temptation?' I had no idea what he meant, and again I answered, 'I am Prince because my father is King.' The wizard took a mirror and held it before me. 'What do you see?' he asked. 'I see myself, just as I should, the Prince of the Far Rainbow,' said I. Then the wizard grew furious and struck the mirror into three pieces and cried, 'Not until you look into this mirror whole again will you be Prince of the Far Rainbow, for a woman worthy of a prince is trapped behind the glass, and not till she is free can you rule in your own land.' There was an explosion, and when I woke up, I was without my crown, lying dressed as you see me now in a green meadow. In my pocket was a map that told me where all the pieces were hidden. Only it did not show me how to get back to the Far Rainbow. I offered her myself and my runabout to move her luggage from the cabletrain station. She accepted, and while we collected the luggage, including a huge trunk that almost filled the car, I did my best to be kind and amusing. Finally, she started glowing again. I left her with the key, my telephone number, and a warning that, since the cabins on either side of her for some distance were empty, she should keep her doors locked.
